

Grand Park Community Recreation Center Corporate Membership Information

Give your employees the benefit of health! Corporate memberships are a great way to offer discounted recreation center memberships to your team.

Organizations pay the "buy in" amount each year for employees to receive discounts on memberships.

Corporate membership "buy in" amounts:

5-10 Employees	\$1000
11-20 Employees	\$2000
21+ Employees	Contact Director for pricing

Corporate memberships will not be issued until corporate "buy in" amount is paid in full. Organizations may elect which and how many employees receive the benefit and shall then supply a list of eligible employees and their date of birth on their letterhead. Employees may then visit the recreation center front desk to purchase their memberships at a 30% discount. This only applies to memberships – not punch cards or daily admissions.

Employees will be required to show required to show a photo ID as well as proof of residency to determine which level of membership they will need to purchase (based on their physical address/residency). Front desk staff will verify employment from the list provided.

(All policies are subject to change.)
