Grand Park Community Recreation Center Re-Opening

Working closely with Grand County Public Health, the Grand Park Community Recreation Center ("GPCRC") is scheduled to reopen Monday, June 1, 2020 in a limited capacity. With the reopening of the GPCRC, there will be significant operational changes and policies implemented to limit the potential spread of COVID-19. The number of patrons allowed in the building will be limited. The GPCRC is providing access to three separate fitness areas as well as lap swimming. All guests will be required to wear a face mask or covering at all times except when swimming laps. The exercise equipment has been spaced out to meet social distancing requirements, and patrons will be required to wipe down all equipment after individual use. The facility will close between each workout time slot for cleaning. The GPCRC has implemented one-way entries and exits. Only District and County residents will have access to the facility at this time. Employees and guests will be screened for symptoms of COVID-19 and agree to our COVID-19 waiver upon registration and entrance to the facility. Patrons will be required to register online through our website www.fraservalleyrec.org for a workout time before entering the facility. Instructions for registering are posted on our website. Specific time slots are available for vulnerable or at-risk patrons. All current members have a household for online registration. If you do not know your on-line username and password, please e-mail michelle@fraservalleyrec.org.

Upon initial reopening, the following parts of the GPCRC will remain closed: leisure pool, hot tub, sauna and steam room, locker rooms and family changing rooms, basketball courts, gymnastic studio, lounge areas, the Playful Penguin room, and the playground. Current operating hours are Monday – Friday 6:00 a.m. to 7:30 p.m., Saturday 9:00 a.m. to 4:00 p.m. and closed on Sundays.

The aforementioned policies are not an exhaustive list and are subject to change at any time. For more information, please visit www.fraservalleyrec.org and click on the COVID-19 tab. Please note, all information is subject to change based upon Public Health Orders.

During the Safer at Home Executive Order, CDPHE recommends the following to limit the spread of COVID-19:

- Stay at home unless necessary
- Wear a face covering when out in public
- Avoid unnecessary travel
- Limit gatherings to no more than 10 people
- Not go to work if you are sick
- Maintain social distancing guidelines
